

Connect with water: Getting to know water Activity 1

Recording our ideas about freshwater

- 1 View the [Smart Water: Water is a taonga – slideshow](#).
- 2 Record your ideas about water in the table below.
- 3 Use the information to begin planning a learning inquiry with your teacher and classmates.

What do you already know about water?	
Where can you find freshwater in your community?	
Why is clean, healthy freshwater important?	
What would you like to know about freshwater?	

This activity is part of a suite of resources that support Smart Water – A context for learning, which provides students and teachers with opportunities to connect with water and learn more about drinking water in the Waikato region.
